MEMORANDUM FOR: Assistant Chief of Staff, Intelligence
Department of the Army

SUBJECT : Commendation - Richard W. Bauer

1. I have read with great interest the Minutes of the Publication Procurement and Exploitation Conferences which have been held in your Department. These Conferences demonstrate the kind of coordination I believe is desirable in the Departments and Agencies represented on the Advisory Committee on Foreign Language Publications (NSCID 10) or on the respective Subcommittees.

2. I understand that Mr. Richard W. Bauer of your staff has been primarily responsible for organizing the Conferences. Mr. Bauer has long been a valued member of the Advisory Committee, and this latest effort only reflects greater credit upon himself, the Committee and the Department of the Army. I should be grateful if you would express my personal appreciation as well as that of the Committee for his continuing interest in two of our programs regarding foreign language publications: procurement and exploitation.
